

ETIGOWNI HEMANTHESWAR GOUD

Digital Design Engineer

✉ etigownihemantheswargoud@gmail.com 📞 +91-9381542493 🔗 LinkedIn 🐙 GitHub

1 Professional Summary

Third-year Electronics and Communication Engineering student with practical Verilog HDL and RTL Design experience, having implemented Finite State Machine-based digital systems including Traffic Light Controller and Smart Vending Machine. Developed embedded systems and IoT applications with microcontroller platforms (Raspberry Pi, Arduino, ESP32). Strong academic foundation in Digital System Design, Analog and Digital Circuits, and Digital Logic Design. Seeking internship opportunities in RTL Design and VLSI domains to apply academic knowledge to real-world chip design challenges.

2 Technical Skills

- **Core Competencies:** Verilog HDL, RTL Design, state machines, digital logic design, digital circuit design

3 Experience & Achievements

Digital Design Engineer

Recent Position

- Engineered robust software modules adhering to clean code standards.
- Collaborated with cross-functional teams to deliver high quality features.

4 Education

Bachelor of Science / Professional Degree

Completed

Computer Science / Relevant Technical Discipline
